## Towns and cities - València

Utiel has a rich natural, cultural and gastronomic offer that turns your visit into a pleasure of all the senses. On the one hand its natural surroundings together with a characteristic climate invite you to enjoy the pure fresh air and the natural products of the area. On the other hand it is highly recommendable to go for a stroll through its old quarter populated with old houses and ancestral homes. One can do all these things after having enjoyed the exquisite wines of the town, with their own denominación de origen (D.O. - prestigious food and wine product classification), which are one of the most recognised charms of the district.
