Offer description:

The Sents Restaurant in Ontinyent with delicious food and caring owners, serves dishes that combine traditional charm with the latest in culinary originality.

When dining at Sents Restaurant you will enjoy first class cuisine while also helping a charity, as one euro of each menu goes towards the Restaurants Against Hunger campaign. Brothers Santiago and Joaquín Prieto, run the restaurant in tandem, the former in the kitchen and the latter serving the wines. Sents Restaurant cooking, although distinctive and innovative, does not stray far from its roots and is prepared using the excellent produce grown in the region. It serves sumptuous rice dishes, fish and meat, preceded by delicious starters including warm sashimi, free range eggs and fish figatell. It also has a well-stocked wine cellar, whether you prefer white, red or cava, from Spain or another country, Joaquín will always recommend you just the right wine from amongst over three hundred possibilities on the list. What an enjoyable way to help a cause!
