The Costa de Azahar BTT Centre is located in the village of Torreblanca (Castellón). The location of the peption centre in Camping Torrenostro is a strategic point to discover the natural parks of Desert de les Palmes, Prat de Cabanes-Torreblanca and Serra d'Irta. The landscapes, where the routes emerge, are so beautiful and they shape a different scenario open to the Mediterranean, where traditional coastal tourism is combined with the active, cultural and sports tourism by the proximity of these mountains to the coastal strip. The ten proposed itineraries invites us to discover hidden unusual corners on the coast, archaeological remains, manor houses, abandoned house farms, hermitages, watchtowers and modernist urban areas. It is a good combination of culture and nature that complements the permanent presence of the sea.

The centre BTT Costa Azahar offers the possibility of a total of ten routes, with different difficulties and with a total length of 212 km. The information points located in Peñíscola, Benicassim and Desert de les Palmes are proposed as starting points for the various routes in addition to the Camping Torrenostro. The route No. 10 called Camino del Litoral, not away from the seaside, connects the villages of Benicàssim and Peñíscola, and the Vía Verde del Mar between Benicassim and Oropesa is one of the main attractions of this route.
