Muchavista beach is an extensive beach with fine, golden sand over 3 km long and 80 m wide. As with Carrer la Mar beach, it has been awarded the Blue Flag by the European Community.

Located in a semi-urban area next to San Juan beach, it is a marvellous location for swimming, water sports such as windsurfing and walking or running along its 3 km long pedestrian promenade, conveniently situated beside the modern tram line linking Alicante and El Campello every 30 minutes. There is also a section of the beach especially equipped to provide access for people with reduced mobility.

During the summer months, it hosts a complete programme of activities such as cinema, sports, a mobile beach library, play areas, rental sunbed...which, together with its tourist facilities and infrastructures make it an ideal destination for all tastes.
