The festivities in honour of San Ramón Nonato are celebrated in one of the neighbourhoods of the municipality, located at the top part of the area of Santa Maria, close to the Calvary of the city. In the last week of August all the inhabitants of Sagunto are invited to take part in the playful acts that are celebrated, such as outdoor dinners and dances, and the popular bullfighting events. The increasing devotion for San Ramón Nonato is manifested with high participation in different religious acts organised in honour of the Saint.
